

**GM**  
GUNN & MOORE

1982

*Since 1885*

*when William Gunn made his first bat, Gunn & Moore has been dedicated to creating bats of the finest quality, built from the best true bat willow available, thoroughly and naturally seasoned. Each bat receives the care of an expert craftsman at every stage; there is no other way to produce a perfect cricket bat.*

*The same care and dedication is applied to the design and construction of protective equipment and accessories making the Gunn & Moore range the first choice of discerning cricketers everywhere.*

The *Autograph* range

These are the finest bats that it is possible to produce.

Each 'Autograph' bat receives the individual attention of experts at every stage of manufacture — from the selection of the choicest lightweight willow to the final balancing of the blade.

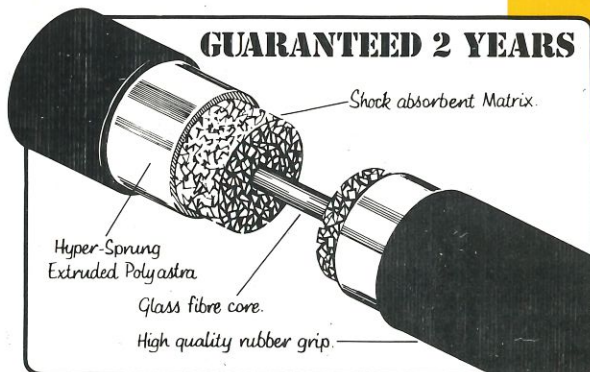

The 'Autograph'\* models have been specially selected from the 'Autograph' range as superior in every respect.

'Autograph' range bats are fitted with the unique Gunn & Moore treble spring 14 piece cane handle.

'Autograph'\* models are also available with the exclusive Gunn & Moore Carbon Fibre Spring handle.

The use of carbon fibres in the handle gives better springing with much improved damping and reduced handle weight to allow greater blade weight for more powerful driving and better balance.

*Willow Gunn* REGD.  
Autographed

'Autograph' \* Galaxy

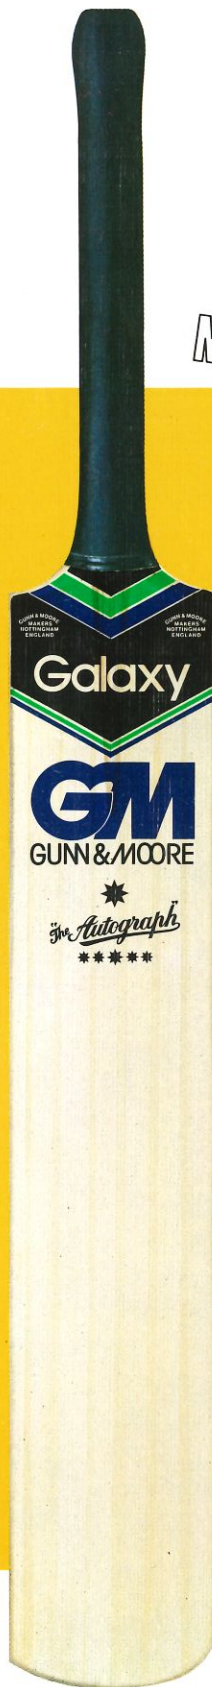

Years of careful research, tests and trials have successfully brought together modern technology and traditional craftsmanship in the manufacture of 'Galaxy'.

The handle, made from Hyper-Sprung Polystra with glass fibre core in a matrix of shock absorbent material, is bonded into the blade made from natural material and crafted

by traditional skills. The lightness of the handle allows a larger blade with no increase in overall weight, thus giving improved drive area, superb pick-up and perfect balance. 2 YEAR GUARANTEE Gunn & Moore are so confident in 'Galaxy' that the handle construction is backed by a two year guarantee.

01008 Autograph \* Galaxy  
01009 Autograph \* Galaxy 'Maxi' —  
for description see Autograph \* 'Maxi'

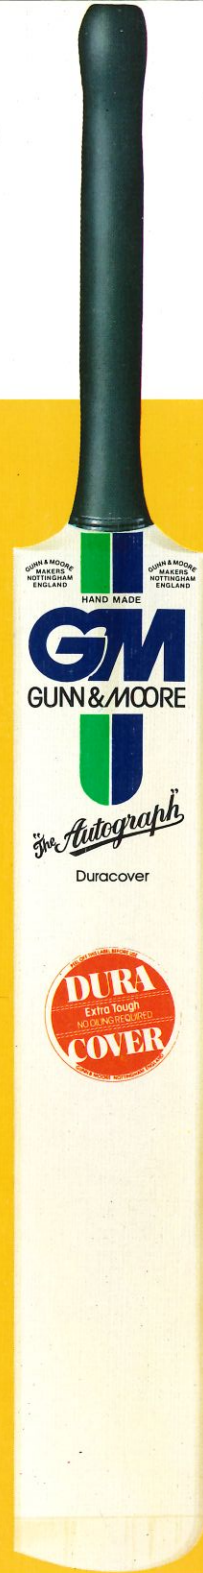

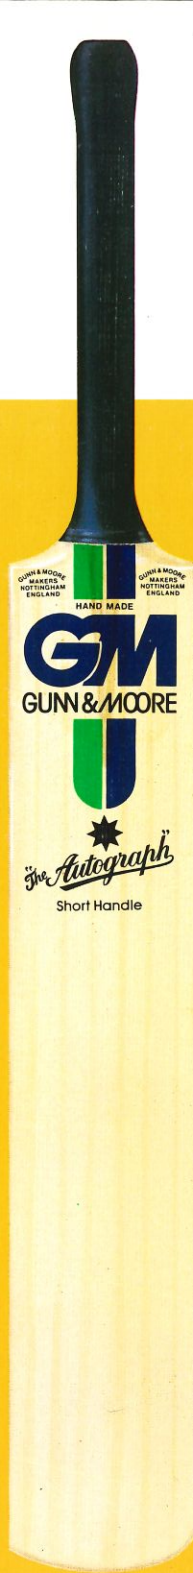

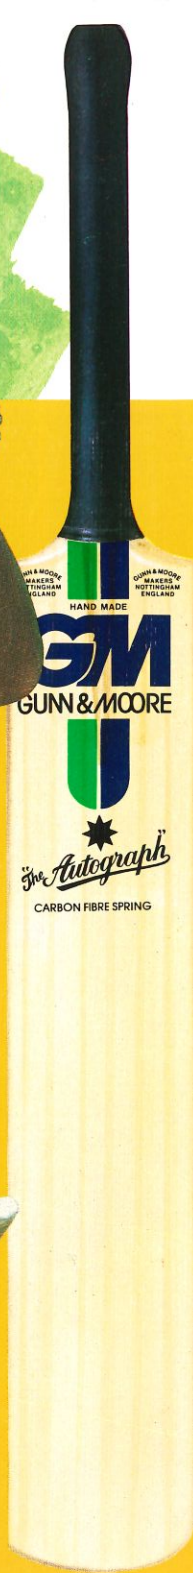

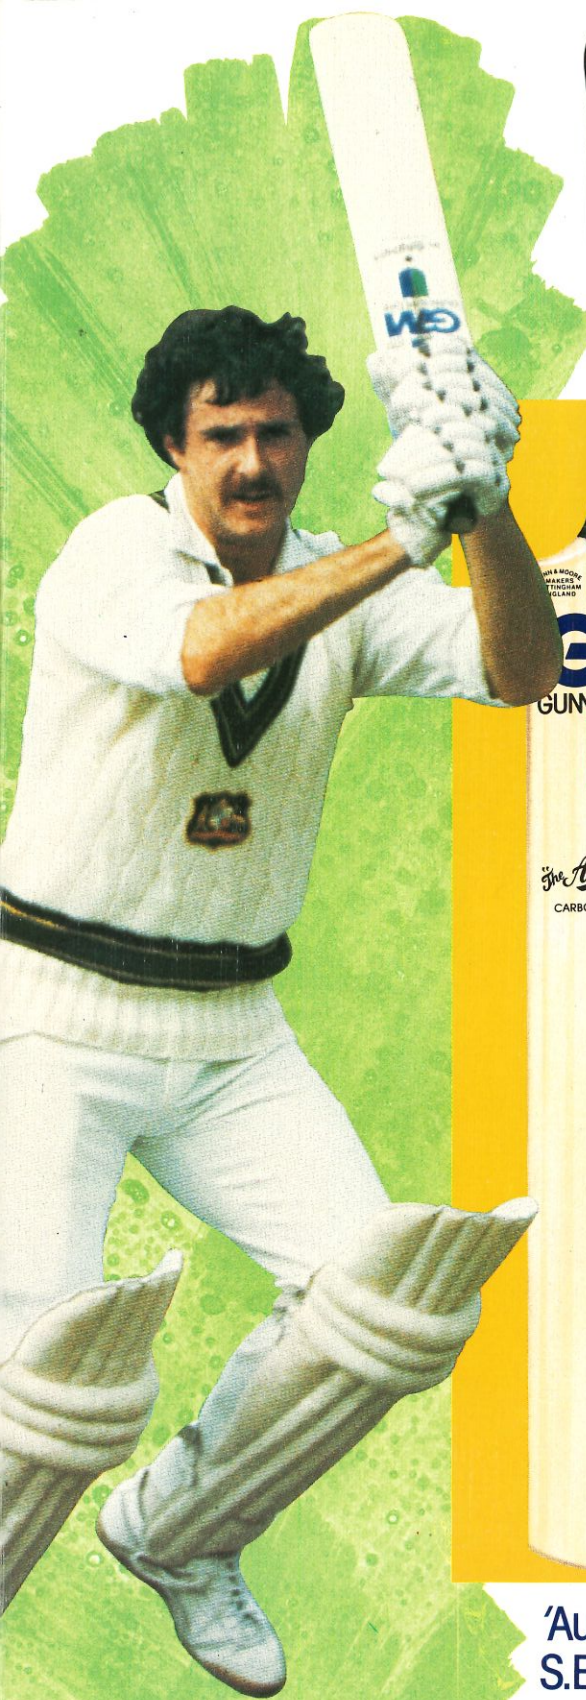

**GM**  
NEW ITEM

'Autograph' \* Maxi

2lb. 9oz. & over. Available in full sizes only. Extra weight bats — effortless power with superior balance by perfect weight distribution in blades fashioned by the World's most skilled and experienced bat makers — Gunn & Moore.

01019 'Autograph' \* Carbon Fibre 'Maxi'  
01029 'Autograph' \* S.E.S. 'Maxi'

Duracover**

Extra tough lightweight cover to face and edges. Polycoated toe for improved water resistance. Ready to play. Needs no oiling.

**01108 Full Size  
01107 Harrow**

**Please Note**

Full size bats are available with long, short or super short handles. Short handle bats will be supplied unless otherwise specified. All models available for left handed players on request. Full repair service available, see page 5.

All 'Autograph' range bats supplied in sewn P.V.C. drawstring neck bat cover.

## Cricket Bats

Cannon, Cannon Non-Oil and Polympic bats supplied in free sewn P.V.C. draw string neck bag cover.

### Please Note

Full size bats are available with long or short handles. Short handle bats will be supplied unless otherwise specified. All models except Scoremaster range available for left handed players on request.

### Cannon

A favourite with players all over the world for generations.

Made to the highest possible standards from best quality true bat willow, naturally seasoned. Handle of specially selected cane and rubber.

- 01048 Full Size
- 01047 Harrow
- 01046 Size 6
- 01045 Size 5
- 01044 Size 4
- 01043 Size 3

### Cannon Non-Oil

The famous Cannon bat, treated to preserve the nature of the willow. Ready to use, bat maintains itself, but after cleaning or prolonged storage a light coat of oil should be applied.

- 01078 Full Size
- 01077 Harrow

### Polympic

A very high grade bat. Durable resinated Poly RS80 coating gives long-life blade protection.

Cleaning with a damp cloth is the only treatment required. Slight cracking of the coating is not detrimental to the protection and may be ignored.

- 01098 Full Size
- 01097 Harrow

### Clubman

Excellent bat at an economic price for general use.

- 01058 Full Size
- 01057 Harrow
- 01056 Size 6
- 01055 Size 5
- 01054 Size 4
- 01053 Size 3

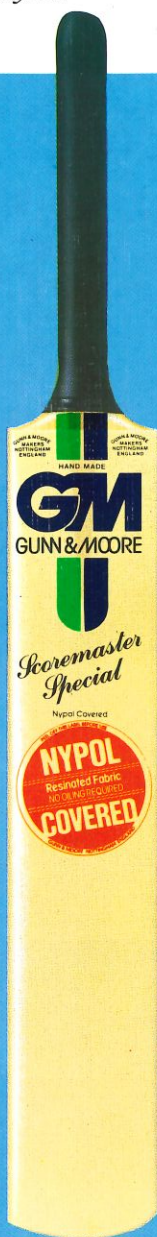

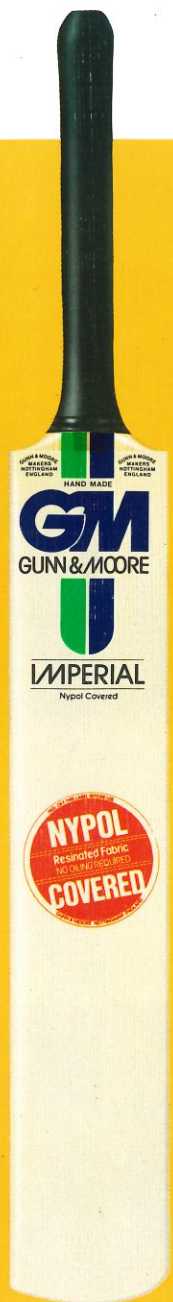

### Clubman Duracover

Enormously successful Gunn & Moore exclusive DURACOVER facing previously only on our top price bats now available on the ever popular Clubman bat.

- 01128 Full Size
- 01127 Harrow
- 01126 Size 6
- 01125 Size 5
- 01124 Size 4
- 01123 Size 3

# Scoremaster Bats

Gunn & Moore 'Scoremaster' Cricket Bats have been made available in response to the request of the Cricket Authorities for economically priced equipment for the junior player. Scoremaster bats are suitable for both right hand and left hand players.

**GM**  
NEW ITEM

## Bat Repairs

### To avoid delay

Please send all repairs direct to our Nottingham factory: Gunn & Moore Ltd Haslam St. Castle Boulevard Nottingham NG7 1EZ.

All repairs are executed with the same care which goes into the manufacture of new equipment. Our repair services are not restricted to goods of our own manufacture.

To ensure speedy service please label the bat giving full particulars of work required.

### Re-handling

We offer two qualities.

1. as fitted to our 'Autograph' carbon fibre bats or
2. as fitted to our 'Autograph' bats.

### Re-blading

A new blade of any grade of bat described in this catalogue can be fitted to any handle regardless of make. The blades of bats sent for re-blading may be sawn off just below the splice to minimise cost of carriage.

### General Bat Repairs

Cracks and splits can be repaired by gluing and the addition of 1, 2 or 3 wraps. We can also let pieces of willow into the blade or add an inset to the toe.

Let us know if new rubber handle grips are to be fitted.

If possible send the bat during the close season. It will enable us to provide you with a speedier service.

## Imperial

A first class bat with specially developed lightweight 'Nypol' covering coated with durable resinated Poly RS80. No oiling required. May be cleaned with damp cloth.

01088 Full Size  
01087 Harrow

## Scoremaster Special

made in England

First Class English Willow Youths and Boys bats. 'Nypol' covered poly coated blade. No oiling required.

01927 Harrow  
01926 Size 6  
01925 Size 5  
01924 Size 4  
01923 Size 3  
01922 Size 2

## Scoremaster

made in India

First choice Kashmir willow bats to the same designs and technical specifications as used in our Nottingham, England factory.

01906 Size 6    01903 Size 3  
01905 Size 5    01902 Size 2  
01904 Size 4

## Scoremaster Polycoated

made in India

The famous Scoremaster bat with tough polycoating. No oiling required. Ready to use.

01916 Size 6    01913 Size 3  
01915 Size 5    01912 Size 2  
01914 Size 4

## IMPORTANT

Kashmir willow has some different characteristics from English willow. The faces of 'Scoremaster' bats are pressed to give a tough resilient surface, but because Kashmir willow is rather softer than English willow, in use indentations and some surface cracks will appear. Such facial markings should be ignored as they are normal for this type of willow and should not detract from the continuing good performance of the bat.

All Batting Gloves available left hand — please specify.

**Batting Gloves**

05100

05110

**Derek Randall Glove**

**05100 Mens** Used by Derek Randall, Notts & England. Maximum comfort and protection. All leather with extra long finger rolls and additional sponge padding between rolls and glove. Fingers pre-shaped, gusseted sides. Extra padding between thumb and first finger for comfort and longer life. Elasticated wrist, 'Velcro' fastening.

**05110 Mens**

Finest supple leather glove. Square sponge leather covered protectors. Additional padding between thumb and first finger for longer life. Elasticated wrist, 'Velcro' fastening.

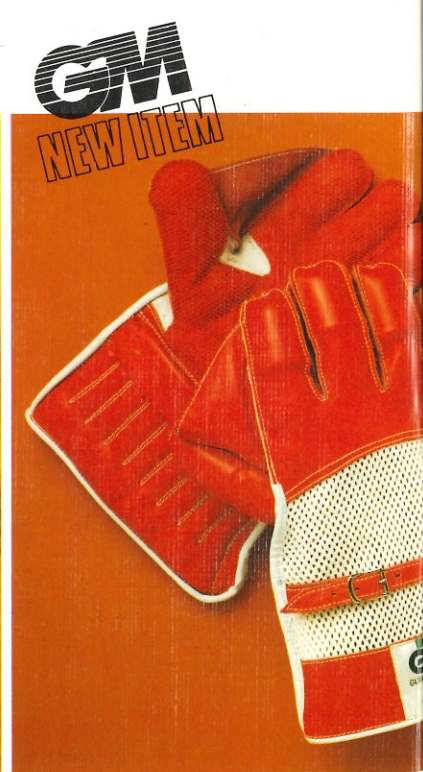

**Wicket Keeping Gloves**

05210

05205

**05215**

Soft red leather, large back vent for extra cooling. Supple sheepskin lined cuff. Sponge bar and cane wrist protection.

**05210**  
Test Match quality made from finest supple leather. Full soft leather lining. Large web between thumb and first finger. Finest red rubber lined fingers and palm. Sponge bar and cane wrist protection.

**05205**  
Modern styling, waisted at wrist and tapered cuff. Extra large web. Fully leather lined. Elasticated left hand cuff. Three bar sponge wrist protection.

The 'Autograph' range of protective equipment — for cricketers who demand the very best.

Maximum protection, greatest possible comfort from new, with no 'breaking-in' necessary, and long life are achieved by meticulous attention to design, choice of materials and workmanship.

Attention is particularly drawn to the Technical Notes, for what lies beneath the external appearance is the user's guarantee of long lasting satisfaction in Gunn & Moore protective equipment.

**05120 Mens**

All leather glove. Kapok filled roll protectors. Elastic wrist.

**Inner Gloves**

**05310**

Padded chamois leather palm, finest cotton back.

**05320**

Padded cotton palm, cotton back.

**05325 (Not illustrated)**

Fine superior quality cotton. Ideal as inner gloves for batting.

**Technical Notes:**

**Leather**

Sheepskin, full chrome tanned. Special process oils give long lasting suppleness and ensure leather stretches and recovers with every movement of the hand.

Sheepskin has high tensile strength for tear resistance.

No dressing or salt is used in the preparation of the leather as these cause surface deterioration and stiffening in use. Drumming with a mixture of titanium oxide and french chalk gives improved surface and texture.

**Padding (unless otherwise stated)**

Pure Kapok. Will not compact or become lumpy in use, as does cotton waste which is widely used.

**Thread**

Three ply core spun thread — a core of nylon and twin glazed cotton braiding. Cotton thread used alone is too weak to take the strains involved. Nylon thread used alone does not lay flat and may cut the material causing splitting in use.

**Manufacture**

Skins are preserved in batches, so that any pair of gloves is made out of one batch of skins thus preventing differential stretching and ensuring the maintenance of shape of finished glove and uniformity of texture and colour. Particular attention is paid at the cutting stage so that the natural stretch in the leather becomes available across the hand rather than in the direction from the wrist to the finger tips.

**Wicket keeping Gloves**

**Leather**

Leather of the same characteristics as used for Batting Gloves is used, but from larger animal skins to give heavier duty leather.

Specially selected portions of the skins are used for the finger gussets which take tremendous strain.

**Padding**

Sponge Rubber and Pure Kapok are used in all models.

Tapered rubber finger thimbles are used throughout.

All gloves and leg guards are supplied individually boxed for protection, cleanliness and ease of storage.

All Autograph leg guards available left hand — please specify.

### Buckskin

Genuine goatskin for increased tensile strength and wear. Exceptional quality for extra long life. The finest made. Seven rib and side wing design. Three horizontal inside pads and one vertical pad, all of lightweight cotton-covered foam. P.V.C. lined instep.

**05010 Mens**  
**05015 Mens, extra long**

### Polyhide

Double reinforced grained P.V.C. wipe-clean facing. Three horizontal inside pads and one vertical pad, all of lightweight foam. P.V.C. lined instep.

**05016 Mens**

### Canvas

Re-designed top professional pad. Fine quality close woven canvas, peroxide bleached with special dressing to prevent distortion in manufacture and use. Lightweight cotton covered foam pads for protection and comfort. P.V.C. lined instep.

**05036 Mens**

### Technical Notes:

#### Padding, rolls and ribs

Padding is a fine yarn drill stuffed with Kapok, this stuffing being vastly superior to cotton waste, being both lighter and non-compacting.

#### Cane

A stiff cane is used in the ribbing between the stout lining of the pad and the stuffing to provide maximum protection. For cheapness many pads have bamboo instead of cane within the stuffing and the protective effect is inferior.

#### Straps

Full chrome cowhide fastened through three seams to spread the load.

#### Buckles

Zinc plated steel riveted to straps for strength. Zinc plating gives better rust protection than the more common nickel plating.

# The *Scoremaster* range of Protective Equipment

A comprehensive range designed with the budget conscious cricketer in mind. Top protection, comfort and reliability are maintained by use of materials selected for their hard wearing properties and economic cost to provide ideal equipment, reasonably priced for Personal, Club, School and College use.

Seven ribs, double special side ribs. Two horizontal inside pads. P.V.C. lined instep. Strong leather straps, riveted fastenings.

05060 Mens  
05061 Youths

### Technical Notes:

All Gunn & Moore cricket balls are quartered balls, hand stitched. The centres are all constructed of wool and natural cork layers around a natural cork centre. Sample balls selected at random from each manufacturing batch are tested in play. Strict quality control of both materials and construction methods ensure, as far as possible, perfect shape retained during play, true seams and avoidance of 'hard' balls.

**Outer Case**  
Choicest butt leather, alum tanned, pre-treated for wet conditions and abrasive resistance and pre-stitched to avoid distortion in use. The leather used for the Gunn & Moore range of cricket balls is graded from the top ball downwards, so that the Super County Ball is made from a very limited portion of the finest skins specially selected and superior in every respect and as the grading proceeds, other selected portions of the skin are used. Even the lowest grade ball is made from a portion of a top quality skin.

**Inner Core**  
All inner cores are made from layers of well oiled new wool and worsted yarn and natural cork around a cork centre. The cores are air dried for two to three months before being sewn in the case. The baking of cores to accelerate drying is assiduously avoided, as this destroys resilience making the finished ball hard.

**Wool Layers in Core and Stitches in Seam**  
The number of layers of wool and cork and the number of stitches in the seam vary through the range as follows:

	Wool Layers	Seam Stitches
Super county	6/8	80/85
County Star	5	72/75
Super Star	5	72/75
Clubman	5	68/72

*Gunn & Moore Cricket Balls are all hand made to our exacting specifications and under our close personal supervision in overseas factories. Each model has been rigorously tested under all playing conditions over a long period to ensure complete satisfaction. All balls conform to M.C.C. regulations.*

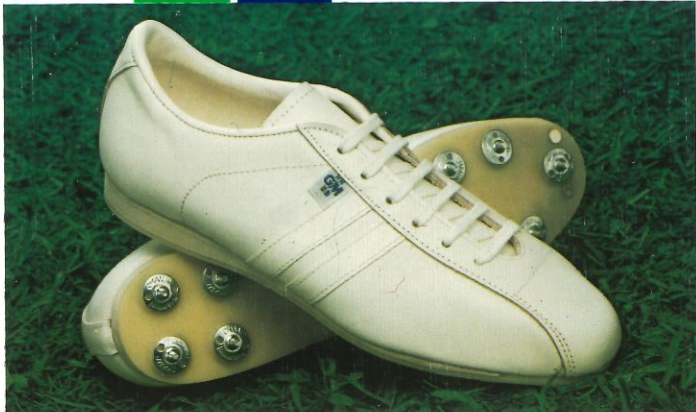

**03011 Special Super County Grade A**  
Special scientifically developed semi-matt finish for extra durability and control. Special hand stitched seam for all conditions and techniques.

**03010 Super County Grade A**  
**03015 County Star**  
**03020 Super Star**  
**03030 Clubman**  
**03031 Clubman Junior 4 3/4 oz.**
