# MAESTRO®

a virtuoso bat in every respect

From the finest naturally seasoned willow and the world's best bat makers comes **Maestro**.

Unique contoured edge provides extra thickness at sweet-spot line and controlled graduated taper to shoulder and toe.

Scientifically designed maximum swell flows to stronger toe and weight-reduced flatter shoulder.

Internationally acclaimed Gunn & Moore laminated cane handle with double rubber diamond cushion grip virtually eliminates jarring on mis-timed shots.

The exclusive design elements combine together to produce the classic bowed appearance to the blade.

Superb balance packs power behind every stroke.

Striking yet dignified livery incorporates distinctive coachlines on new contoured edges.

## 1000 Maestro® FULL SIZE

*Unless otherwise specified bats will be supplied*

**Plain finish ♦ Short handle ♦ Right handed**

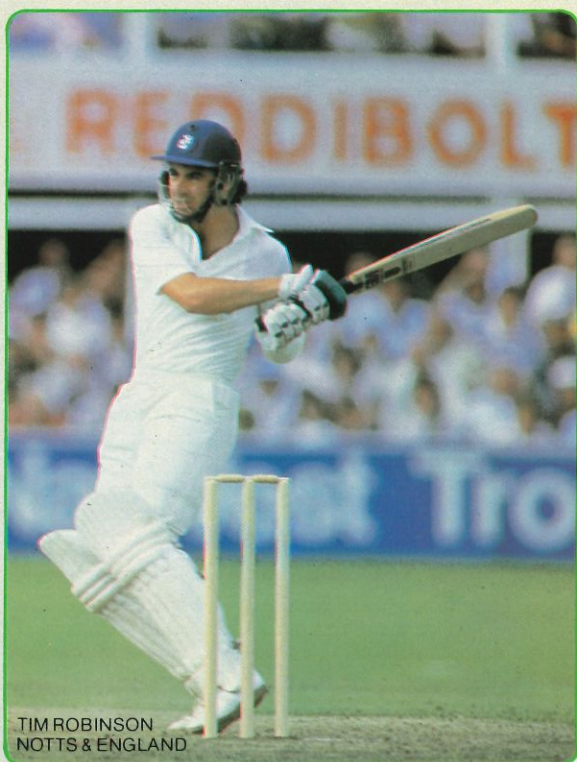

*Additional options, please specify*

**Finish:** Polystar  
or Duracover facing

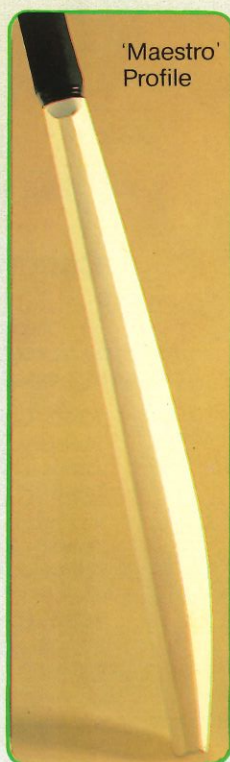

**Handle length:** Super short  
or Long

**Hand:** Left handed

TIM ROBINSON  
NOTTS & ENGLAND

'Maestro'  
Profile

### 1010 Striker™

**As used by Mike Gatting,**  
 Captain England and Middlesex.  
 Naturally seasoned mid-weight bat.  
 Unique profile for fuller sweet-spot  
 positioned a little higher on blade.  
 Increased back taper provides lighter  
 yet strong toe.  
 Double rubber diamond cushion grip.

FULL SIZE

*Unless otherwise specified bats will be supplied*

**Plain finish ♦ Short handle ♦ Right handed**

*Additional options, please specify*

### Cannon® 1040

An entirely new range of bats with a name and tradition favoured  
 by players all over the world for generations.  
 Highest quality true bat willow. Diamond rubber grip.

#### 1040 Cannon

Traditional shape – below 2lb 8oz. Classic profile. The first choice of  
 players for whom the greatest degree of manoeuvrability is paramount.

#### 1042 Cannon Xtra

New shape.  
 2lb 6oz – 2lb 10oz approx.  
 Thicker edge with superb  
 pick-up.

#### 1044 Cannon Maxi

Exceeding 2lb 10oz.  
 A substantial bat featuring  
 specially thickened edges  
 and perfect weight distribution  
 for superior balance and  
 effortless power.

Finish: Polystar

### Bat Repairs

#### To avoid delay

Please send all repairs direct  
to our Nottingham factory:  
Gunn & Moore Ltd.,  
Haslam St., Castle Boulevard,  
Nottingham, NG7 1EZ

To ensure speedy service please  
label the bat giving full particulars  
of work required.

#### Re-handling

We offer two qualities.

1. Treble-spring.
2. Economical twin-spring.

### Re-blading

A new blade of any grade of  
bat described in this catalogue  
can be fitted to any handle  
regardless of make. The  
blades of bats sent for re-  
blading may be sawn off just  
below the splice to minimise  
cost of carriage.

#### General Bat Repairs

Cracks and splits can be  
repaired by glueing and the  
addition of wraps. We can also  
let pieces of willow into the  
blade or add an inset to the toe.

Let us know if new rubber  
handle grips are to be fitted.  
If possible send the bat during  
the close season. It will enable  
us to provide you with a  
speedier service.

*All repairs are executed with  
the same care which goes into  
the manufacture of new  
equipment. Our repair  
services are not restricted to  
goods of our own  
manufacture.*

### Important

Kashmir willow has some  
different characteristics from  
English willow. The faces of  
'Scoremaster' bats are  
pressed to give a tough  
resilient surface, but because  
Kashmir willow is rather softer  
than English willow,  
indentations and some surface  
cracks will appear in use. Such  
facial markings should be  
ignored, however, as they are  
normal for this type of willow  
and will not detract from the  
continuing good  
performance of the bat.

## Cricket Sets

Excellent value, ideal gift items

Choice of two sets comprising:

- 1 each Scoremaster bat.
- 1 each Cricket ball. 4 each Stumps.
- 1 each Nylon PU coated Carry Bag.

### 4200 Size 5:

Size 5 bat  
25" stumps  
jnr. leather ball.

### 4200 Size 4:

Size 4 bat  
25" stumps  
jnr. composition ball.

## Cricket Bat Covers

### 4066 Linen

Strong linen, PVC lined. Neat press stud fastening.

### 4061 Nylon

Hardwearing nylon with drawstring neck.

Choice of colours: Maroon or Blue.

## Cricket Balls

### 3011 Special Super County Grade A

Waxed semi-matt finish for extra durability and control. Special hand stitched seam for all conditions and techniques.

### 3010 Super County Grade A

Super County, Richard Hadlee and Graham Dilley Cricket Balls all now with waxed finish.

### 3030 Clubman

### 3031 Clubman Junior 4<sup>3</sup>/<sub>4</sub>oz.

Gunn & Moore Leather Cricket Balls are all hand made to our exacting specification and under our close personal supervision in overseas factories.

Each model has been rigorously tested under all playing conditions over a long period to ensure complete satisfaction. All balls conform to M.C.C. regulations.

### Technical Notes:

All Gunn & Moore leather cricket balls are quartered balls, hand stitched. The centres are all constructed of wool and natural cork layers around a natural cork centre.

Sample balls selected at random from each manufacturing batch are tested in play.

Strict quality control of both materials and construction methods ensure, as far as possible, perfect shape retained during play, true seams and avoidance of 'hard' balls.

#### Outer Case

Choicest butt leather, alum tanned, pre-treated for wet conditions and abrasive resistance and pre-stitched to avoid distortion in use.

The leather used for the Gunn & Moore range of cricket balls is graded from the top ball downwards, so that the Super County Ball is made from a very limited portion of the finest skins specially selected and superior in every respect and as the grading proceeds, other selected portions of the skin are used.

Even the lowest grade ball is made from a portion of a top quality skin.

#### Inner Core

All inner cores are made from layers of well oiled new wool and worsted yarn and natural cork around a cork centre. The cores are air dried for two to three months before being sewn in the case. The baking of cores to accelerate drying is assiduously avoided, as this destroys resilience making the finished ball hard.

#### Wool Layers in Core and Stitches in Seam

The number of layers of wool and cork and the number of stitches in the seam vary through the range as follows:

	Wool Layers	Seam Stitches
Super County	6/8	80/85
County Star	5	72/75
Super Star	5	72/75
Clubman	5	68/72

*Autograph*<sup>TM</sup>

## Batting Gloves

for cricketers who demand the very best.

*Maximum protection, greatest possible comfort from new with no 'breaking-in' necessary, and long life are achieved by meticulous attention to design, choice of materials and workmanship.*
